YANKEE CHATTER is the official newsletter of the YANKEE Chapter of the Antique Motorcycle Club of America, and is published four times a year on a seasonal basis: WINTER, SPRING, SUMMER and AUTUMN. The YANKEE Chapter of the AMC of A was established April 8, 1973. Dues for the 1994 membership year are \$ 10.00 single; \$ 12.50 with spouse. Membership is not transferable and dues are not refundable.

Applicants wishing to join the YANKEE Chapter must FIRST be members in good standing (paid up) of the National AMC of A; however, applicants may apply for both memberships to the Chapter Treasurer at any time, and memberships received after October 31st of any year will be held over for the next membership year. National AMC of A membership dues for the 1994 membership year are \$ 20.00 single; \$ 25.00 with spouse. A \$ 1.00 service charge is made for handling an applicant's National application.

DIRECTOR'S MESSAGE

Despite wet weather, the Christmas party was a great success. There were about 50 Yankee members on hand for the Business Meeting and to help eat all the great food.

The main events were the elections and a surprise presentation. I would like to thank Andrea Downs for two years of good service as our secretary. She decided to step down from her post, she and husband Tim will soon be parents and are going to have their hands full. I would also like to welcome John Hayes as our new secretary, along with Randy Walker and Bill Campbell to the board.

As a token of our appreciation an award was presented to Bob Frink of The Motorcyclist's Post. It was in the form of a clock with a lifetime membership plaque mounted on it. This was an unexpected surprise to him, I was glad that so many Yankees were on hand to be a part of this presentation. Bob has done more for us than most people realize, he's now a permanent member and we're lucky to have him!

Your officers met at the home of Chris and Andy Connor on a cold Saturday in January to work on the details of our upcoming National Meet July 29, 30 and 31st 1994 in Hebron, Connecticut. We decided on a theme; to honor motorcycles that were involved in the military.

1994 is the AMC of A's 40th anniversary, and rather than go back forty years, we decided to go back to the 1940's, which led us to the WWII era- the Military. We felt that this time period included many makes and models, and would hopefully attract a large number of "Theme Machines" for display purposes and our enjoyment. All Military machines are included.

Committee heads were also appointed to handle various aspects of the meet to help things run smoothly- gate, grounds, advertising etc. We will be looking for volunteers as well as calling upon many of you on an "as needed" basis.

A business meeting has been scheduled for April 17th in conjunction with Jim Darby's Stafford Springs meet. It will be held in the building on top of the hill by the show area at 12:30. If you're interested on getting an update on what's happening or would like to volunteer your help- you now know where and when to do it.

See you there,

Jessie

SECRETARY'S REPORT

The Yankee Chapter of the AMC of A held their annual Christmas Party/Business meeting on December 5, 1993 at the VFW Hall in Moosup, Connecticut. The event was attended by 44 adults and 4 children.

A business meeting was called to order at 1:05 by Director Jessie Jacaruso. The first order of business was the Treasurer's report. Fred Hirsch reported that the chapter account had \$5,989.70 in it at the end of the accounting year. He also has \$242.00 for next year that is not included in his financial report. Copies of the report were available for anyone who wished to have one. Financially we are very healthy right now.

Fred also reported that last year National started a new rule saying that if you did not join the club by February 15, you would not receive the Spring issue of the magazine. Fred had purchased some extra copies so that first time members could be given a copy. He will not be doing this again. He only did it because it was a new rule to the club.

Fred also mailed reminder notices to club members last year who did not get their memberships in. He says this generated a small expense, but it also got us some late memberships.

This was an election year and a few changes were made. Randy Walker will be coming on as Fred's membership assistant. Eventually he may start learning some of the treasurer's responsibilities also.

Andrea Downs will be stepping down as secretary of the club and John Hayes will be taking her place. Jessie is also looking for someone who would be willing to take her place in another two years. Dave Howland said that he was willing to come on as co-director and start learning some of the things involved in being a director.

Charlie Gallo is going to take the responsibility of Editor and Marty Hansen will be helping him out. The last change of officers is gaining Bill Campbell as a vice-director on the board.

This year our club did something it has never done before. A Life Membership was presented to Bob Frink to show our appreciation for his many years of dedicated service to the club.

The meeting was adjourned at 1:20.

Following our business meeting was a fantastic pot-luck luncheon and lots of good company.

Respectfully submitted,

Andrea Downs
Secretary

AN UNSOLICITED LETTER FROM A MAN WHO BOUGHT ONE

Baltimore, Maryland, June 15, 1916.

Excelsior Motor Mfg. & Sup. Co.,
3700 Cortland St., Chicago, Illinois.
Gentlemen:

I am enclosing you herewith, Registration Card as requested.

My new Lightweight, motor No. 1583, arrived yesterday, and I must say that I am more than pleased with it. In Baltimore we have a park "Druid Hill" which has some very steep grades in it, and one grade called "Mountain Pass" is used to a great extent by the different automobile agencies for demonstrating the hill climbing ability of their respective cars. Just for fun I tried out my new Excelsior Lightweight on this hill, and much to my surprise it took it with apparently no great effort, in high gear. Several of my friends who happened to be out there remarked "it can't be done," but whether it could or could not be done, it did it.

It certainly is a fine little boat, and as soon as I get a chance to boost it, you can bet I am going to do so.

Complimenting you on this powerful little dust kicker, I am,

A satisfied customer,

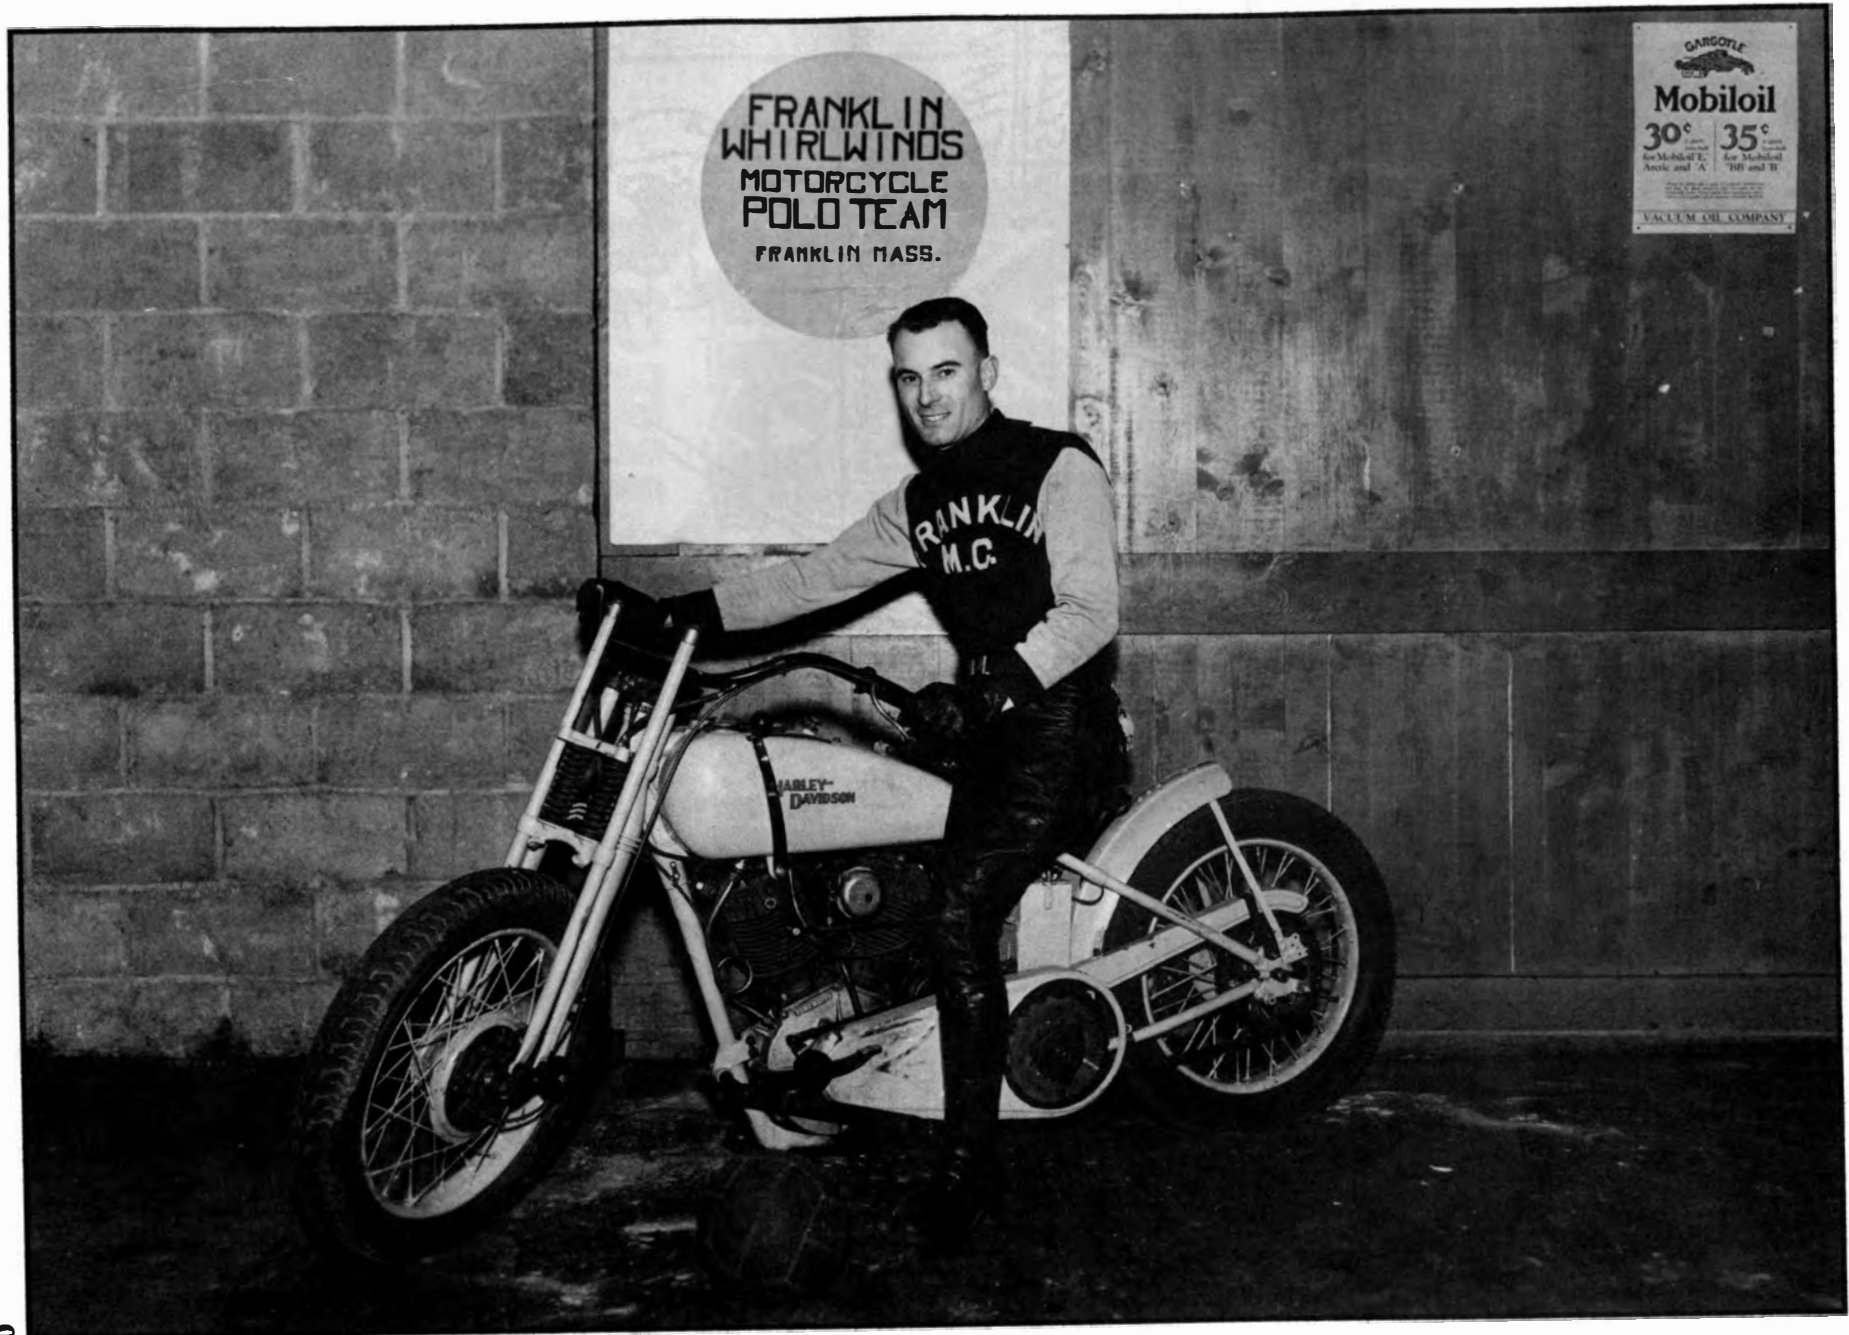

Theodore H. Barber.
